Division (in full): Division of Sustainable and Inclusive Trade

Section (in full): Poor Communities and Trade Programme – Ethical Fashion Initiative

Supervisor: Ms. Heather BARNES, Associate Programme Officer

Duty station: Remote working location

***Please note, this internship is completely remote and virtual as part of ITC's Pilot Remote Internship Programme. It is only open to individuals from low-income countries, least developed countries, small island states, post-conflict and developing countries.**

Internship duration: 6 months, starting January 2023

Please note this is an unpaid position.

Background

The International Trade Centre (ITC) is a joint agency of the United Nations and the World Trade Organization, whose mandate includes assisting developing and transition economies to take advantage of expanding trade opportunities in an increasingly complex global environment.

About the Ethical Fashion Initiative (EFI)

The ITC Poor Communities and Trade Programme (PCTP) and its Ethical Fashion Initiative (EFI) aim to reduce global poverty by involving micro-entrepreneurs from the developing world in international and regional trade. In other words, the programme enables marginalized communities of micro-entrepreneurs to be part of the international fashion value chain through a business infrastructure, tailored around a unique system of work that enables these communities - mostly women - to thrive in association with the talents of the fashion world.

This system of work also involves consumers, through the application of a specific marketing strategy, geared to increase awareness on the story behind each product and allowing people to make informed choices in their purchasing behaviour. EFI aims to reduce global poverty by strengthening the capacities of developing country micro-producers and social enterprises for export trade, connecting them to the international fashion industry.

For the Ethical Fashion Initiative, lifestyle choices impact livelihoods. EFI creates and strengthens social enterprises in emerging economies, connecting discerning international brands in fashion, interiors, fine foods and the arts with talented local artists, designers, artisans and micro-producers. Savvy investors, pro-poor champions and mindful consumers find value in a virtuous circle that creates not just premium products, but also stable, dignified work, and creative and resilient women, men and communities.

Duties and responsibilities

Under the supervision of the Associate Programme Officer, the selected intern will:

- Contribute to the development of communication outputs for Ethical Fashion Initiative including; social media content, video editing, presentations, graphics, copy, meeting minutes, emails, website updates, database maintenance, newsletters, articles and reports;
- Provide support in the planning, organisation and implementation of EFI in-person and digital events;

- Participate in meetings and contribute to the development of communication outputs for the UN Alliance for Sustainable Fashion including; minutes, emails, website updates, database maintenance, newsletters and reports;
- Support the reporting for EFI Accelerator Programme including;
 - Support with data collection and cross checking of data for ITC, Donor quarterly and end of year/end of programme reporting.
 - Support in building and collecting feedback surveys after masterclasses, trainings and events organised for the Accelerator.
 - Collect, edit and regroup data to build concise individual reports on the main achievements for each brand of the EFI Accelerator (engagement, sales, reach, production, network and job creation).
- Assist with any other tasks related to the Ethical Fashion Initiative, when necessary.

Qualifications, competencies and experience required

Educational and work experience requirements:

Be enrolled in the second or higher academic year of the first university degree programme (minimum Bachelor's level or equivalent); Be enrolled in a graduate school programme (second university degree or equivalent, or higher); or have graduated with a university degree and, if selected, must commence the internship within one year of graduation;

Previous experience or internships in communication, event coordination and/or e-commerce/retail projects would be an asset;
